

# Enjoy the convenience of videoconferencing from the comfort of your own office

## **We bring the conference right to your door!**

Enjoy the convenience of videoconferencing from the comfort of your own office. Videoconference Solutions Inc. can provide the latest conferencing equipment in your boardroom. *Our On-site Package* includes all the necessary conference equipment, audio/video production and technical support needed to ensure a successful conference.

Our professional staff will arrive early to set-up and test the connection. They will be on-site throughout the conference to provide assistance when needed. For on-going projects we can arrange for long term rental or lease-to-own of equipment.

*Call for a free assessment to determine if this solution is right for you.*
